

To receive your **\$10 Delta Gift Certificate** and enter a drawing for a **\$1,000 Delta Shopping Spree**, please complete and return the enclosed survey in the postage-paid envelope provided.

[Date]

Dear Educator:

Thank you for participating in our Delta Science Module II (DSM II) survey. We are revising the program and want to know what you think. As a professional educator who has experience using DSM II kits, you can help us improve the program to better suit your needs. *(Note: if you haven't used DSM II kits, please give this package to someone who has.)*

The survey, which should take no more than 15 minutes of your time, asks you how you teach, what works in your classroom and what doesn't, and what DSM II features you would like to see changed or added. You also will have the opportunity to tell us anything else you think will make this program a more effective teaching tool for you and your students.

Once we receive your survey, we'll send you your \$10 Delta gift certificate and enter your name in a drawing for a \$1,000 Delta shopping spree. Your opinion counts!

Thank you again for your input. We look forward to receiving your thoughts.

Sincerely,

Mathew Bacon
Vice President, Product Development

enc.

P.S. The survey will close after 1,000 responses, so mail yours today!
